Thrills in California

Mooresville, IN – January 30, 2012

The thrills are aplenty in Orange, CA. Residents of this California town have even more reason to be excited about family entertainment: Thrill It. This fun center contracted Creative Works to install their popular Space-themed Laser Tag attraction.

Thrill It offers a wide variety of games and attractions for residents of Orange, CA to enjoy. The selection includes an arcade, mechanical bull, rock climbing wall, and a high ropes course that hovers over the guests walking throughout the building. Eric Barnes, the owner of the facility, also wanted to add a feature that allowed multiple people to play simultaneously. With that in mind, his research led him to laser tag. He chose Creative Works as the arena builder because of their extensive experience within the industry and the company's ability to manage the process from concept to completion. With 2,200 square feet spread over 2 levels of arena playing space, this arena can accommodate up to 16 guests at once.

This project took longer than expected to come to fruition, but Creative Works helped Eric throughout the process of getting it passed through the city and running. "Eric's project was great to work on," stated Armando Lanuti from Creative Works. "There were hurdles along the way but once everything got going, the facility turned out fantastic! The arena looks great, and the response from his guests has been wonderful. We wish him the best of luck."

For more information on this facility, visit www.thrillit.com

The Creative Works is a designer and builder of entertainment venues, manufacturer and supplier of attractions, and creator of props, effects, décor and more for sites around the globe. To learn more, visit: <http://www.THEWOWEFFECT.com> or call toll free (877) 843-6348.
